

The Bellbird Primary School

WELCOME BACK

DEAR PARENTS & CARERS

Welcome back!

Premier Education are delighted to continue our ongoing partnership with The Bellbird Primary School, providing comprehensive Wraparound Care services for pupils and families.

Our partnership with the school spans over several years, during which time we have successfully managed wraparound care, facilitated inset days and organised holiday camps to deliver on our promise of providing active opportunities to children. Premier Education takes pride in offering a premium, Ofsted-registered wraparound care provision. We are committed to delivering high-quality out-of-hours care for pupils, ensuring a reliable and exceptional service that supports the needs of busy families.

In line with the school's ethos, Premier Education works closely with The Bellbird Primary School to ensure this is reflected throughout our provision. This commitment supports consistency and provides a smooth transition for children from the school day into our wraparound care programme.

WRAPAROUND CARE

Leading the Premier team at the Bellbird is Yazmin Fitzpatrick, who took over as Venue Lead in September 2025. Yazmin was committed to settling into the school and has already made a positive impact across the provision.

Yazmin brings a calm, friendly, and organised approach and is passionate about creating a safe, welcoming, and engaging environment for all children. She is available during sign-out times to answer any questions or address any concerns you may have. Alternatively, she can be reached via email at yfitzpatrick@premier-education.com.
